

MANUAL BED ARGUS TREN

 medisa
cares for you

FEATURES

MATTRESS

Epoxy-coated steel tube frame.

Detachable ABS headboard and footboards with fixing system without using tools.

For improved maneuverability, the bed features four 125 mm diameter pivoting Tente castors, two with individual brake (OPTIONAL central brake)

HANDLING

Specially designed screw height adjustment from 430 mm to 730 mm. Backrest and knee sections adjusted by gas spring

Trendelemburg / reverse trendelemburg adjusted by crank up to 12°

Mechanically operated independent footrest, for optimum ergonomics by means of a 5 positions rastomat.

COMFORT

Complete with support for accessories in both ends of the bed (IV drip rod, lifting pole, etc.)

Lateral retainers to avoid mattress movement

4 protective bumpers stoppers of Ø100 mm, placed at each side corner, to protect the bed while transportation.

Useful surface 100%

SECURITY

Epoxy coated steel side rails (optional ABS side rails) with security system according to **EN 60-601-2-52** standard, covering above 80% of the total length of the bed. Frontal handle made in non corrosive nylon/fibre with handle for easier adjustment.
